

LEVEL OF SAFE MODE UPGRADED to HIGHEST ALERT - Access to ALL University of Guyana Campuses Completely Restricted from 18:00 h, Monday June 15, 2020

The administration of the University of Guyana wishes to advise members of our UG community (Faculty, Staff and Students) that we must immediately move to a hard lock down of all UG campuses due to security precautions which must be taken at this time.

Therefore, from 18:00 h on Monday June 15, 2020 until further notice, NO ONE other than security and staff with top level security clearance will be allowed on any of our campuses.

We sincerely regret that this action has become necessary. **We will be observing conditions with a view to removing these restrictions at the earliest opportunity.**

Functions of the University will continue to be performed online in safe mode.

The University Community is reminded to keep checking our official channels (UG website, HRMIS and SRMS) for updates.

Members of our community are also reminded of our duty as models of the nation to stay safe and to act responsibly.
